

2021 HOROSCOPES FOR PARENTS

Sagittarius

November 22 - December 21

Jupiter and Saturn transiting through your Aquarius-ruled communication zone is great news, as you'll find yourself yelling less in 2021. That is until your perpetual optimism makes you sure your kid will eat the mac & cheese you spent an hour on, even though it's not from a box. "But, sweetie, you love mac & cheese. This is better than the one from the box. Please will you try it? Please? C'mon, please..." <5 minutes later> "I'M NOT MAKING ANYTHING

ELSE! JUST EAT IT OR STARVE!"
